Dear Ms Harrison,

Planning Application Consultation Request F/24/97945 Oak Cottage Winchester Road Boorley

Thank you for your recent consultation regarding retirement apartments. There are no archaeological sites recorded that this location and few in the vicinity despite extensive archaeological survey ahead of development in the surrounding area. I conclude that the archaeological potential of that area is low. Whilst encountering archaeological remains cannot be ruled out there is no reasonable argument to suggest they will be encountered and no basis to justify the burden of an archaeological condition. Accordingly I would not raise any archaeological issues.

Yours sincerely
