Hi Rebecca,

Apologies on the delay in the response.

Thanks for consulting the Pollution Team on the above application for the discharge of condition 16 of F/20/89125 for the demolition of former post office and sorting office buildings and erection of 1no. four storey building consisting of ground floor flexible commercial space and 10no. residential units, and 1no. six storey building consisting of flexible ground floor commercial space, and 18no. residential units with creation of associated public realm / open space at 14 High Street, SO50 5LA.

I have reviewed the submitted letter from PMC Construction dated 16/09/2024 confirming that no contamination was identified during construction works.

Therefore, I have no objections in this matter and recommend that condition 26 can now be discharged.

Best regards,

Yacklin
