Re planning application H/24/97673

Hacketts High st Bursledon

22/7/24

Dear Sir

I wish to object to this application. The appearance of this proposed building is totally out of character in this area. It is surrounded by listed buildings of traditional appearance. It is highly visible from the road and the riverside public path on the East side of the river.

Granting this application would set an unwanted precedent in the Old Bursledon conservation area, and it must be rejected.

Yours faithfully

(Dr W D Gorrod)
