

Route of footpath to be more than 1.5m distant from the base of the trees.
Arboricultural Consultant to supervise construction works within the fenced perimeter.

- NOTES:
1. All levels relate to the survey which is to Ordnance datum. Dimensions not to be scaled.
 2. Topographical survey provided by Encompass Surveys (Drawing No ENC/010915/5T7).
 3. Use of this drawing does not absolve the client from his responsibilities under the Health and Safety: The Construction Design and Management Regulations 2015. The Principal Designer is required to contact Hydrock Consultants prior to permitting this drawing to be used in connection with any construction works.
 4. All works shown have been designed in accordance with Building Regs Part M.
 5. All works shown are designed to minimize works required adjacent to existing Trees.
 6. Where external ground levels are higher than the DPC tanking will be required.
