

Material list:

Pitched roof will be clad in dark/grey clay tiles (Staffordshire blue)

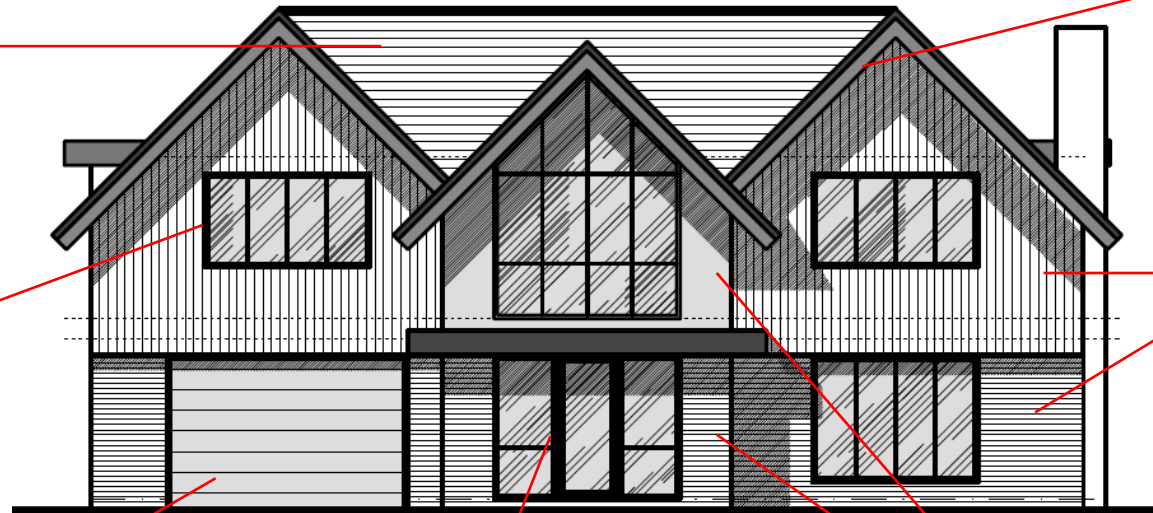

Windows will be dark/anthracite grey aluminium/uPVC.

FASCIA, GUTTERS & DOWNPIPES:
Aluminium/uPVC in dark/anthracite grey to match windows.

Soffit under overhanging roof

All walls will be buff facing brick in above colour with slight speckle as current brickwork (image on right). If we decide to do cladding on upper portion of exterior, this will be in timber.

Garage door matching windows or soffit cladding

Large front door either metal or timber with side panels

This front section will be in off-white (light coloured) k-render
