YOUR COMMENTS ON THE CASE

I would appreciate if the council could please take into account all the previous objections to this matter. This is yet another attempt by the applicant to create an access that is already well recognised as being entirely inappropriate for this residential estate.

It is entirely unclear as to why the applicant is so desperate to create a new access point in the location requested when there are other perfectly good access points which have never been a problem or an issue up until now. The applicant should be invited to be transparent when it comes to their reasoning.
