YOUR COMMENTS ON THE CASE

I have major concerns about having the access through a residential area using narrow roads that would be hard to manoeuvre especially with car on the sides. Leaving the field through that gate will be in the opposite way of incoming vehicle.

The most scary thing about agricultural equipment passing through residential areas is the hazard to children playing around whether on their bikes or getting to and from the playground.

Applying for another gate although there are multiple other entries is a recipe for disaster and negligence to the safety of resident.
