Hi David.

I refer to the Prior Approval application for conversion of the commercial premises into residential and comment on Environmental Noise Impact, referencing the covering letter PRO Vision 18 September 2024.

The description says it is a site which lies in a wholly residential area; not mentioned are a nearby Primary School and Dental Clinic.

However, these noise sources are not significant, the proposed residential premises is not affected by commercial noise.

Therefore, I have no objections to the application.

Thanks
