For attention of Ms Hei-Tung-Hoh

Dear Sirs

**Re: F/24/98426 At 14 KINSBOURNE WAY, THORNHILL, SOUTHAMPTON,
SO19 6HB**

Proposed erection of 1no. 3-bedroom detached house

In regard to application F/24/98426, as the application is for 5 dwellings or less, there is no required change of vehicle access onto the highway, and the development does not access directly onto a classified road, HCC's Highway Standing Advice should be referred to in the first instance. This can be viewed via the following link under the heading Consultation with the Highway Authority - <https://www.hants.gov.uk/transport/developers/consultation>

However, in regard to the application, having undertaken an initial review it is noted that the access to the parking area of the proposed dwelling is via an existing single width drop kerb vehicle crossover from Kinsbourne Way.

Whilst it would be usual for this to be widened to accommodate the double width drive, it is noted that due to the length of the driveway this would not be necessary with manoeuvre space given within which an appropriate access and egress angle can be achieved.

Deputy Chief Executive and Director of Hampshire 2050
Gary Westbrook

As such, given this as well as the site specifics of the development site, there would be no objection to the proposals from a highway perspective.

Yours faithfully,

Matt Grantham
Principal Transport Planner - Highway Development Planning
