For attention of Ms Morris

Dear Sirs

**Re: A/24/98628 At 14 HURSLEY ROAD, CHANDLER'S FORD,
EASTLEIGH, SO53 2FU**

Proposed erection of 1.no internally illuminated fascia sign, 1.no internally illuminated projecting sign and 1.no internally illuminated totem sign. (Retrospective)

In regard to application A/24/98628, there is no objection to the proposed signage from a highway perspective.

The fascia sign is flat to the front of the building, and the projecting sign does not overhang the highway, and is of sufficient height not to obstruct pedestrian movement below.

In terms of the totem sign, having undertaken a site visit, on-site measurements show that the nearest part of the sign is 2.6m from the carriageway edge. As such, it sits outside of the 2.4 x 43.0m visibility splay required for a 30mph section of highway.

Onwards, luminance for all the signs is shown on the application form to be 280 cd/m², which is within the permitted levels for the type of setting (urban).

Yours faithfully,

Matt Grantham
