Dear Liz,

Could you please replace my comments of 2/01/2025 by the following ones:

*My previous concern was related to the fact that the applicant is proposing tree planting on the periphery of the parking area, instead of doing it between parking bays. As a consequence of that, the parking arrangement ends up with 13 parking spaces in a row which is not in accordance with the Quality Places SPD.*

*A hedge planted behind the boundary wall and an additional long-term maintenance plan seems to be a good strategy to help to soften the area whilst avoiding that the hedge is not replaced in the future.*

Many thanks  
Marta
