Subject: Section 211 Notice for Tree Works

You don't often get email from nisar@wavemillhc.co.uk. [Learn why this is important](#)

Dear Eastleigh Borough Council Tree Officer,

I am writing to submit a Section 211 notice for proposed tree works within a conservation area at the nursing home Waterside House, Abbey Hill, Netley, Southampton SO31 5FA. I am a Director of the company that owns the site, Hamble

Healthcare Ltd. The details of the trees in question and the reasons for the proposed works are outlined below:

1. Dead Oak Tree

- **Location:** Rear of the property.
- **Reason for Removal:** The tree is entirely dead, posing a risk of falling and causing damage or injury.

2. Damaged Oak Tree

- **Location:** Rear of the property.
- **Reason for Removal:** A large branch recently fell to the ground during strong winds, indicating structural instability. The tree now represents a significant health and safety risk to people and property.

3. Leaning Tree

- **Location:** Front driveway of the property.
- **Reason for Removal:** The tree is leaning dangerously towards the building, posing a direct threat to both the structure and occupants of the property.

It is proposed for Lowes Waste Management to fell the trees, using fully qualified arborists, climbing, and cutting from the top using controlled cuts to remove up to 8 ft. Sections at a time, until the tree is at stump height, then they will grind the stump out

I have attached photographs of the trees to provide further context and would be happy to facilitate a site visit if required. I understand that the council will consider this notice within six weeks, and I look forward to hearing from you if you have any queries relating to the proposed works.

Please let me know if any further information is required.

Kind regards,

Nisar M Visram
