Proposed work	1no. Silver Birch (T1) - Crown lift over patio & shared driveway by removing 3 small lowest limbs from main stem & tip pruning secondary limbs over patio. Proposed works are to ensure a good/safe clearance is maintained.					
Assessment Date	29/01/2025					
Officer comments	Notification of proposed works to trees in conservation areas Desk top assessment The large mature silver birch is located in the rear garden but is visible between the properties and on the main road offering public amenity. The proposed crown lift and removal of 3 small diameter limbs to clear the space over the patio is deemed as a reasonable management of the tree in its surroundings and is unlikely to have a long-term detrimental effect on the tree's health and vitality. These minor works should not affect the public amenity of the tree as the upper crown will remain intact.
