Good afternoon

In accordance with Condition 14 of the above outline planning consent, I write to confirm the tree protection compliance for the construction activity in accordance the pre-commencement advice of Chris Stringer in an email dated 2nd February 2023 (attached).

The first supervision visit, dated 8th February 2023 was summarised to Mr Stringer with photos (attached email).

I have subsequently visited the site several times, most recently the 27th September to confirm that the tree protection has remained installed, and that the new surfacing was installed correctly in accordance with the approved report.

Please see attached sheet of various photos of the tree protection, culminating in the finished surfacing next to trees T5 and T8.

I trust this covers the main points and satisfies the requirements of the condition so that it can be discharged.

Chris Alder
