Alexandra,

Regarding H/25/98864

I'm writing to support my neighbour Kirby's planning application. He hasn't lived in the property long but has worked hard to improve his property, and it has really helped the area.

The new fencing, porch and extension all look so much better. He's put a lot of care into his home/area.

I don't usually comment on these things, but I felt I should this time because of the positive difference he's made!!

Best,
