Hi Gary,

As there are no significant trees within the redline boundary, we raise no arboricultural objection to the reserved matters application for the 3no. noise bunds and acoustic fencing.

Please also see my response to DC/25/98747.

Kind regards,

Chris.

Hi Chris,

I'm sure I would have put you down to look at the RM app. Could you look at it for me anyway. I imagine your comments would apply to both the DC and RM applications.

Thanks, Gary. I don't have the RM app. in my cases. That's fine with me, but thought I'd mention it just in case I am meant to be looking at it!

Hi Gary,

Do you have a phasing plan of the site or, more specifically, a plan showing the boundary for the noise bund phase, please?

I have had a quick look, but thought I'd ask in case you had one available to hand. If not, I will work it out...

Chris.
