Subject: 11 MARKET STREET, EASTLEIGH, SO50 5RH Discharge of condition 4 (Cooking extraction system) of planning permission F/23/96293

Follow Up Flag: Follow up
Flag Status: Completed

Good morning Alexandra,

Thank you for consulting the Pollution Team on the planning application reference DC/25/98861 for the Discharge of condition 4 (Cooking extraction system) of planning permission F/23/96293 for 11 MARKET STREET, EASTLEIGH, SO50 5RH

Condition 4

"The development shall not be brought into use until details of a cooking extraction system (to incorporating grease, particulate and odour abatement equipment) has been submitted to and approved in writing by the Local Planning Authority. The development shall then be carried out in accordance with the approved details."

I review the document named "Carbon Filter Construction Information" written by Allmet Duct Services Ltd.

If the cooking extraction system on the above address is installed and maintained as per the information present in the document "Carbon Filter Construction Information" then condition 4 can be discharged.

Thank you

Andre
