21 JASMINE ROAD, HEDGE END, SOUTHAMPTON, SO30 4SX

Representee	Address	Comments
	2 DOWDS CLOSE HEDGE END SOUTHAMPTON SO30 4SQ	1 x Oak - Reduce height and upper crown spread. I support the Tree works as stated above
	3 DOWDS CLOSE HEDGE END SOUTHAMPTON SO30 4SQ	1 x Oak - Reduce height and upper crown spread. I support the Tree works as stated above
	4 DOWDS CLOSE HEDGE END SOUTHAMPTON SO30 4SQ	1 x Oak - Reduce height and upper crown spread. I support the Tree works as stated above
	17 JASMINE ROAD HEDGE END SOUTHAMPTON SO30 4SX	1 x Oak - Reduce upper crown spread. I support the Tree works as stated above
	19 JASMINE ROAD HEDGE END SOUTHAMPTON SO30 4SX	1 x Oak - Reduce upper crown spread. I support the Tree works as stated above. We strongly agree with the proposed tree works given the proximity of where the tree is in relation to our property.
	23 JASMINE ROAD HEDGE END SOUTHAMPTON SO30 4SX	1 x Oak - Reduce upper crown spread. I support the Tree works as stated above.
Steven Wall	3 DOWDS CLOSE HEDGE END SOUTHAMPTON SO30 4SQ	I am wondering why the South side of the oak tree behind 21 jasmine road is not included, plus the crown requires a big reduction which over hangs into my back garden along with over hanging branches which cut out natural light and could become a danger with high winds which are more frequent now, I also have concerns with large acorns dropping into the garden from a great height which could cause a serious head injury to adults or children who visit us.
