To Whom it may Concern

I'm writing with regards
to a tree in my next door neighbours garden.
We live in a terrace, the tree is a very
large silver Birch, and this time of year
it drops its seeds and ~~its~~ as I have
lung problems I have to keep my
windows and doors closed I suffer with
Bronchiectasis. I'm under the care of "Dr Carol
with Southampton General."
The tree affects my breathing leaving me
very breathless.

Yours sincerely
