Subject: Providence Hill - Verified views

Categories: Consultation responses

Hi Rebecca,

Thank you for sending the views.

I have now had the opportunity to look to the verified view from Brookfield gardens and the loss of the southern dormers is noted as considerable improvement on the relationship between the new building and the rear gardens of 1-4 Brookfield.

I also agree with the Landscape officer's comments that the proposal rely on new tree planting to soften the mass of the building as such I support his view that a mix of species would be preferred for year-round screening.

I hope these comments are of help.

Kind regards
Marta
