

Eastleigh Borough Council Tree Preservation Order and Conservation Area Assessment Form

Application Number	T/25/99375				
Surveyor	IF				
Address	10 HASELFOOT GARDENS, WEST END, SOUTHAMPTON, SO30 3DA				
Proposed work	1no. Sweet Chestnut (T1) - Reduce three low branches by approx. 3 meters back to boundary line as needed. Reason: clear low level overhang.				
Assessment Date	29/05/2025				
Officer comments	TPO 337-E (G1) The large sweet chestnut tree is located within the small sized rear garden and overhangs the shed and lawn. Overall, the tree looks healthy. The proposed reduction of the 3 lower branches is not believed to affect the tree's long-term health and vitality neither would these works reduce its public amenity as it's the upper crown that is visible in the public areas and above the rooftops. The proposal is considered a reasonable management of the tree in its environment.				
Decision	Consent	Refuse	Part consent/ Part refuse	Withdrawn / Invalid	Conservation Area
					Raise no objection TPO
