Subject: RE: Boorley Gardens - DC/22/94011 RM2 Conditions 4 (LMMP) and 7 (Tree Pit Details) - revised documents

Hi Liz

Apologies if I've missed this one.

Comments on Tree Pit Detail: Hard Landscape

1. Please could the landscape architects remind us where the trees are to which this detail applies?
2. It would be helpful to have some dimensions please.
3. In point 3, can you please explain what 'ROOTSOIL SUB SUBSOIL' is ?
4. Point D; drainage is a good idea, but please specify what fall the pipe should be laid to and direction of fall.
5. Point F seems to be missing from the diagram.

Comments on Tree Pit Detail: Soft Landscape

This detail seems mostly fine. The only point is that the following from the above detail should also be included in this one; ROOTSTART PROFESSIONAL MYCORRHIZA FUNGI ALLOW 200g PER TREE - RSPMF2.5LA

Best regards

Mark
