Condition 12 – Landscaping Plans

Please could you amend drawing PRJ01-TTE-00-XX-DR-L-603-1 rev B “Green Fingers – North of C5” to include a small additional element of Ligustrum vulgare in the hedgerow shown alongside the side boundary of plots 327 and 344 mix for biodiversity reasons and some green in the winter months as it is semi-evergreen..

Response:

Due to the fact that the drawings commented on - PRJ01-TTE-00-XX-DR-L-603-1 rev B - were prepared by the Landscape Consultants back in 2013 it is not possible to get these amended.

Vistry are willing to confirm that a small additional element of Ligustrum vulgare will be planted in the hedgerow shown alongside the side boundary of plots 327 and 344.
