Hi Liz,

I have reviewed the April monitoring report and am satisfied. This appears to be the final one for this area and, therefore, I am satisfied that the applicant has been in compliance with the condition and it may be discharged.

Hi Liz,

I have reviewed the March monitoring report. I am satisfied with it. I guess the threat has now passed with the completion of the scheme, so we are just waiting for the final report showing the fencing removed?

Thanks,

Chris.

Liz,

I have reviewed the February monitoring report. I am satisfied with the images. Regarding the removal, I am happy that – subject to construction being completed in this area – the tree protection fencing is removed, as per the proposal in the monitoring report.

Thanks, Chris.
