

NOTES

The Contractor is to check and verify all building and site dimensions, levels and square levels at connection points before work starts.
This drawing must be read with and checked against any structural or other specialist drawings provided.
The Contractor is to comply in all respects with the current Building Regulations whether or not specifically stated on these drawings.
This drawing is not intended to show details of foundation or ground conditions. Light relief of ground level used to suggest the situation. Detailed must be investigated by the Contractor and suitable methods of foundation be provided.
This drawing is to be read in conjunction with all other standard drawings & Butlers specifications and documentation.
