

Eastleigh Borough Council Tree Preservation Order and Conservation Area Assessment Form

Application Number	T/25/99647					
Surveyor	IF					
Address	7 COPSE VIEW, THORNHILL, SOUTHAMPTON, SO19 6AY					
Proposed work	1no. Holly (T1) - Pollard to circa 4m the major junction. This tree is now out growing its location and offers little to no amenity with the close proximity of the large conifers and woodland behind.					
Assessment Date	05/08/2025					
Officer comments	TPO 2-H (G12) The approx 12m tall holly tree is located in the rear garden which backs onto the copse. It is visible in-between the properties but not on the main road, providing very limited public amenity. Spoke to the owner of the tree on site, they would like to keep some branchwork for birds and birdfeeders, however, pollarding at 4m will remove all branches and foliage, therefore, to achieve the desired outcome it is recommended the tree is pollarded at around 5.5-6m					
Decision	Consent	Refuse	Part consent/ Part refuse	Withdrawn / Invalid	Conservation Area	
			X		Raise no objection	TPO
Decision notice	Refuse: 1no. Holly (T1) - Pollard to circa 4m at the major junction. Consent: 1no. Holly (T1) - Pollard to circa 5.5-6m.
