To Eastleigh Borough Council Planning Dept,

We live at [35 Bryony Gardens, Horton Heath](#), and are immediate neighbours to Jacqui and Craig at number 34, who have recently had a wooden fence professionally installed above their existing brick wall between Bryony Gardens and Meadowsweet Way. We are fully supportive of the fence remaining in place. It is well-constructed, visually in keeping with the surrounding properties, and has already addressed several long-standing issues.

Before the fence was installed, members of the public would occasionally dump rubbish, garden waste, or even building materials over onto their land from the public path. This created an eyesore and placed an unfair burden on them to remove it. The new fence now prevents this from happening, improving the appearance and cleanliness of the area for everyone.

There has also been ongoing confusion for visitors and delivery drivers because our side of the path shares house numbers with properties on Meadowsweet Way, and there is no "Bryony Gardens" sign near our houses. This often results in deliveries and visitors arriving at the wrong address. The new fence provides a clear and distinct boundary between the two roads, which has already helped to reduce this problem.

The fence does not block light or access and is comparable in height to other boundary treatments along the same path. We believe it enhances both the security and the overall look of the area, and we hope it will be allowed to remain in place.

Kind regards,

Victoria and Patrick White  
35 Bryony Gardens

Best Wishes,

**Victoria White**
