James Halifax	TOBERMAR OAKHURST CLOSE NETLEY ABBEY SOUTHAMPTON SO31 5AW	My wife and I fully support the application. T1 is a potential threat to our property and would do extensive damage were it to fall. It is infested with ivy which can't be good for the tree.
David Quick	TONGA OAKHURST CLOSE NETLEY ABBEY SOUTHAMPTON SO31 5AW	The branches overhanging the road have remained unchanged for the thirty years that my mother-in-law owned our property before we purchased it. Therefore, I see no reason for them to be removed. All current residents bought their properties knowing the trees were there. Regarding the removal of Tree Two, I object because I believe the landowner intends to apply for planning permission to build another bungalow. As I understand it, a previous application was denied due to the presence of these beautiful, historic trees, which have likely taken hundreds of years to grow.
