Subject: RE: Planning Application Consultation Request H/25/99989

Dear Charlie

Please see below for comments from Hedge End Town Council Highways and Planning Committee.

Object as the proposal does not provide sufficient evidence to demonstrate that the development can proceed without causing unacceptable harm to these trees or adversely affecting the wider landscape setting. The trees make a significant contribution to local amenity, providing visual screening, ecological value, and enhancing the character of the area and the proposed proximity of the development would likely lead to future pressure for additional pruning or crown reduction due to shading, leaf fall, or perceived safety concerns. Considering the trees public ownership, protected status, and importance to local character, the proposal is considered inappropriate in its current form.

Best regards
Sarah
