

RE: Knowle Hill - Lighting Proposal

From [REDACTED]**Date** Fri 5/16/2025 10:18 AM**To** [REDACTED]**Cc** [REDACTED]

Hi Felicity,

Apologies for the long delay in getting back to you. I have looked at the lighting proposals now, and have no objections to what has been proposed

Kind regards,

Hugh Turner MSc MCIEEM

Subject: Knowle Hill - Lighting Proposal

Hi Hugh,

Hope you well and looking forward to the weekend!

As discussed previously, we have produced a lighting proposal for condition discharge purposes which outlines lighting styles and locations.

We have kept this minimal and tried to avoid the bat foraging route on the Western boundary.

Would you be able to have a quick sense check and provide us with an a response confirming that you believe this is acceptable from an ecological perspective to support our proposal? (obviously if you do think its ok!)

As discussed previously, these are the same porch lights etc. that we propose on all our sites some of which have had full lighting designs done to confirm appropriate lux levels and light spill. Spec attached for these for your reference.

Any feedback would be greatly appreciated.

Thankyou,
