For attention of Mr Vallis

Dear Sirs

**Re: A/25/100334 At SPARSHATTS OF BOTLEY LTD, BROAD OAK,
BOTLEY, SOUTHAMPTON, SO30 2EU**

Existing building-mounted signage and entrance portal to be replaced to follow new corporate identity; 1no. 4.5m high totem sign proposed to site boundary, to replace existing.

In regard to application A/25/100334, having reviewed the information contained within the application pack, there would be **no objection** to the proposals from a highway perspective.

The building mounted signage is located flat to the front of the existing building, and the totem sign is located in the same position as the existing totem sign. As such they will not obstruct movement or affect required visibility splays.

In terms of luminance, the 250 cd/sqm quoted on the application form is acceptable for a location such as this, and with the signage being static, again there are no highway concerns in this regard.

Yours faithfully,

Matt Grantham
