

Eastleigh Borough Council Tree Preservation Order and Conservation Area Assessment Form

Application Number	NC/25/100481					
Surveyor	AM					
Address	WOODLANDS, HIGH STREET, BURSLEDON, SOUTHAMPTON, SO31 8DL					
Proposed work	1no. Cypress (T1) - Remove leaning tree down to a stump. Does not seem to be vascularly linked cohabitant tree. On the tension side of lean there is a lack of buttress support due to dominant tree's stem, the buttress on the other side showing decay, providing very little support against lean. Lower stem has historic wounds on tension, compression side and sounding hollow with dysfunctional timber up to 3m..					
Assessment Date	17 th December 2025 (sv not carried out as photographs clear)					
Officer comments	Removal of individual stem showing signs of structural weakness and physiological stress from tree of low amenity value. Does not justify the making of a new TPO.					
Decision	Consent	Refuse	Part consent/ Part refuse	Withdrawn / Invalid	Conservation Area	
					Raise no objection	TPO
					X	
Decision notice	No objection					
Conditions						
Notes to applicant						
Parish comments	None.
