Hi Rebecca,

I have reviewed the latest revised landscape plan for this site.

Overall, the latest changes made are acceptable.

There is only one point that I would like the applicant to consider. Since Highways have said no trees can be planted along the frontage here:

Can they please add 3 no. multi-stemmed shrubs (*Amelanchier lamarckii*) in front of the hedge (roadside) to provide at least some slightly higher softening long-term of the parking area in views from the road.

Thank you.
