

Eastleigh Borough Council Tree Preservation Order and Conservation Area Assessment Form

Application Number	T/25/100591					
Surveyor	IF					
Address	Southern Water co Equans P4 Shamblehurst Hedge End WBS, SO30 2QY					
Proposed work	1no. Group of Mixed species (Lime, Alder and Poplar) - Reduce all encroaching trees 2 metres back from structure. To achieve clearance, as they are encroaching onto the building. 2no. Poplar (self seeded) - Remove.					
Assessment Date	07/01/2026					
Officer comments	TPO 499-E A1 all tree species A group of trees surrounding the Southern Water unit, the trees subject to the proposal are away from the road and have very limited to none public amenity (photos provided as part of the application). Pruning to provide clearance from the built structures is considered to be a reasonable management of the trees in their environment to abate encroachment and prevent damage. The works will not have a detrimental effect on the trees' long-term health and vitality. Removal of 2no. small diameter poplar trees growing at an angle towards the property is considered justified based on health and safety and will not change the character of the area.					
Decision	Consent	Refuse	Part consent/ Part refuse	Withdrawn / Invalid	Conservation Area	
					Raise no objection	TPO
