For attention of Ms Hei-Tung-Hoh

Dear Sirs

Re: A/25/100010 At POST OFFICE CHAMBER, ST JOHNS CENTRE, ST JOHNS ROAD, HEDGE END, SOUTHAMPTON, SO30 4QU

Retrospective application for the display of 8no. advertisements, including 3no. internally illuminated fascia signs, 4no. wall-mounted signs, and 1no. projecting sign (Amended description)

In regard to application A/25/100010, having reviewed the information available on the planning portal, there would be no objection to the 8 signs as outlined.

All signs are flat to the built structure, inclusive of the projecting sign which is attached flat to the existing projecting first floor window bay. As such, there is no interference with pedestrian movements below.

In terms of illumination, it is proposed that 3 signs will be internally illuminated but unfortunately details of the luminance levels have not been provided. This can however be covered via the following condition being applied should the application be approved.

CONDITION:

AMOUNT OF ILLUMINATION

The illumination of the consented sign(s) shall be no greater than 600 candela per square metres and no light source shall be visible from the highway.

Reason: In the interests of highway safety/amenity.

Yours faithfully,

Matt Grantham
