Subject: 48-52 Grange Road drop kerbs objection

Hello both,

At last night's Hound Parish Council's planning meeting (19 January 2026), the residents attended to speak with councillors regarding HCC's now support of their application and statement that the road would be safer with the works.

In light of this - Hound Parish Council have decided to withdraw their objection (below) and now have NO objections to the application.:

Objection

Councillors suggest that as an already dangerous exit and with already pre-existing parking issues that this would not be the best way forward. Potentially an idea to move the exit to a different location would be beneficial. Councillors also stated that they understand why the house owners would want to proceed but would create visual and physical gaps and the detriment of local habitats and streetscenes.

Do you need anything else from me regarding this Charlie?

Catherine Collins
