The general principle of the development of the site for employment purposes is considered to be acceptable and is something that is supported by the Council.

The Council stated that the proposals also have the potential to be particularly positive from an economic development perspective and to make a notable contribution to the local and regional economy through additional GVA, as well as through the delivery of significant local employment opportunities during both the operational and construction phases.

The Coucil encouraged further engagement with the highway authority and other relevant external agencies.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
